EMT Class Information

**Enrollment Fee:** $1036.00, which is to be paid at the time of enrollment. This class is not eligible for Federal Financial Aid.

*Washburn Tech reserves the right to make adjustments to a student’s account as needed (and/or without prior notice) to ensure accurate schedules and/or billings.

**Class days and hours:** Monday, Wednesday, and Friday from 6:00pm to 10:00pm. (There will be one Saturday class (two sessions), and extra classes as needed for remediation which are mandatory. Students will receive a course schedule during the first week of class.

Good attendance is crucial to this class, as KSBEMS regulations have strict attendance guidelines. Please contact the instructor to discuss any absence, prior to the absence or as soon as possible.

Additional Fees (are not included in the enrollment fee): Fees information/costs are subject to change without notice.

- $49.50 for Background Check, through PreCheck done prior to the first day of class
- $50.00 for the KSBEMS (money order or cashier’s check), due the first week of class
- $125.00 to SKEMS (money order or cashier’s check) for the Skills Exam, due by 9 weeks into the class
- $70.00 for CAT exam, due at or near completion of the class directly to the NREMT

Students will purchase a textbook and workbook from the vendor of their choice (may come as a package/bundle): AAOS Emergency Care and Transportation of the Sick and Injured, 10th Edition, current printing. Navigate TestPrep is also required and may be obtained online through Jones and Bartlett (will be sent to student’s email).

Please Note:
- Proof of Health Insurance is required (copy of health insurance card (front and back) or paperwork will be taken at enrollment)
- Background Check must be completed through PreCheck, **no other background checks are allowed**; students initiate and pay for on their own at: www.precheck.com
- Immunization requirements (immunization records will be copied at enrollment):
  - Current Tetanus, must be Tdap within last five years,
  - Two MMR or a titer indicating immunity,
  - Two Chicken pox (Varicella) or a titer indicating immunity,
  - Current Influenza (within 12 months prior to end of course),
  - Hep B (must be within the time frame for the three shots, they do not all have to be completed),
  - Current TB skin test, (within the last 12 months).
- Students must be able to lift 125lbs.

Students should be aware that the EMT class is very challenging. **Good mental and physical health** is necessary to maintain the pace and physical demands of this course and the work requirements as an EMT.
