In partnership with the Kansas Department of Commerce

The project connects economic and workforce development under a new “Workforce Aligned with Industry Demand” initiative at Commerce. For a limited time, funding from the Commerce grant is available for adults who qualify.

GET STARTED!

⇒ Contact Luci Ziemer at Washburn Tech 785.670.2373

OR

⇒ Visit the Topeka Workforce Center and ask about M-TECH or call 785.235.5627

THEN

⇒ Pay a small enrollment fee
⇒ Ask if you qualify for a Commerce scholarship
⇒ Take the pre-assessment tests to determine placement
⇒ Make your transportation and child care plans if needed

GREAT TRAINING for GREAT JOBS with GREAT COMPANIES

Manufacturing Technology, or M-Tech, is a new training initiative at Washburn Tech that provides short, intensive technology training that can lead to a good job in the manufacturing field. It will prepare you to step onto the production floor while earning a national industry certification. Successful completion of this program will give you hiring preference with leading manufacturers in our area. Scholarship assistance is available for a limited time to those who qualify, so enroll now! It’s an opportunity you can’t afford to miss.

The Program

M-Tech is a hands-on, interactive program that takes four to eight weeks to complete depending on your experience and skill levels.

- 13 college credit hours
- 7:30 a.m.–3:00 p.m.
- Monday through Friday
- Four to eight weeks
- Opportunity to job shadow
- Meet hiring managers of partner companies

The Benefits

M-Tech was developed under the guidance of area manufacturers including Goodyear, Innovia Films and PTMW, Inc. You are being trained to work for them!

- Starting wages $12–$18/hour
- Jobs include benefits
- Promotion potential
- Scholarship assistance if you qualify
- Earn an industry certificate
- Land a great job!
