of Adults (ages 18-64) in Household Including You: _____

of Children (ages 0-17) in Household _____

of Seniors (ages 65+) in Household Including You: _____

In the space by each item that you would like, please write the number of those items in the space. For example, if you would like three cans of sliced pears you would write 3 in the space next to canned pears. Additionally, you will notice that some items have a line for comments below them. This is because we have so many different varieties of that item it would be wasteful of paper to list each individually so we would like to have you write in your preference(s). For example, we have many varieties of canned soup, so if you would like chicken noodle or tomato or some other flavor, please write it on that line.

[write type(s) of meal helpers in the space below with the number of each type you want]:

The options above are things that we currently have an abundance of, but there are many more items that we have available in smaller quantities. For example, we occasionally have things like shelf stable milk, bottles of juice, fresh fruits and vegetables (e.g. potatoes, apples, etc.), bread, cake mix, frozen meat, spaghetti-os, noodles, etc. Are there any other items, if available, that you would like us to include with your order? If so, please list them in the space below:
